

FireChefApp.com

The App that scales your recipes and shopping cart to a number of eaters.

IT IS A COOKS' BEST FRIEND.

Quick Start Guide

1

Choose the number of eaters.

2

Select a category (Main Dish, Side Dish, Desserts, Drinks) and select a recipe.

3

Select the cart on the home page to see items needed. *Note: some items may be listed twice for other different recipes.*

4

Check off each item as you shop.

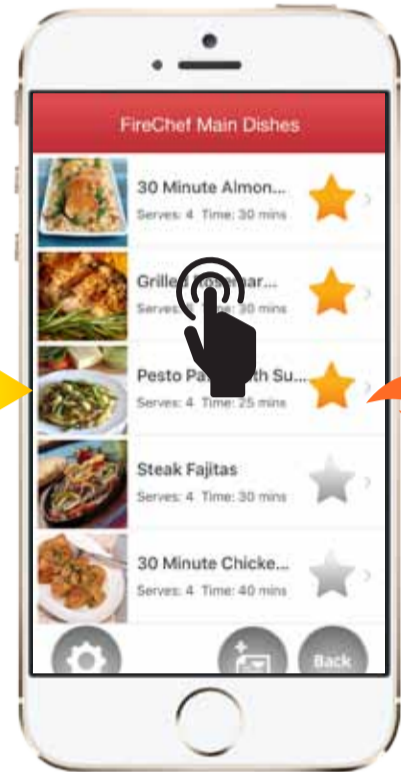

5

When you are ready to cook, go to the recipe on the shopping list. The recipe is scaled and will show the new quantities. *Note: The recipe in the main category is the original, if needed for batch cooking extra large meals.*
